

Superior. You deserve it. We deliver it.

Superior Supply & Steel's mission includes maintaining superior product range and inventory, superior customer service, and superior locations so that customers' businesses can grow and prosper.

And that means Superior must grow, too.

Recently, it became apparent that we were outgrowing our original Chicago location, opened just two years ago.

SUPERIOR GROWTH

So Superior moved to a new yard at Port of

Chicago's Iroquois Landing. The new facility utilizes more acreage to accommodate a larger inventory of carbon plate. Plus, our customers can take advantage of deep water, rail, and truck service.

To meet the demands of the new location's increasing business, Superior is adding more forklifts and increasing its fleet of trucks at the new Chicago location.

So you can expect to see even more of the trademark vehicles you've become familiar with at all of our facilities and that make it possible to better control travel and delivery times.

It all adds up to better access, more operations, and even better customer service for you than ever before.

Superior's growth is all about you...and helping your business grow.

Because we take our name very seriously.

*Scott Sandifer,
VP - Plate Divisions
Superior Supply & Steel*

Superior's recent move to the Port of Chicago's Iroquois Landing is going to make a larger inventory available to customers and better overall service, including deep water, rail, and truck.
