

Superior. You deserve it. We deliver it.

You hear companies talk about how their product range and service is better. But with Superior Supply & Steel, we aren't the ones bragging—it's our customers who tell us we're the best.

Over the past 25 years, we've enjoyed long-term relationships with satisfied customers who often tell us exactly how happy they are with our steel plate product range, strategic locations, and never failing to deliver top-notch customer service.

One time, a customer called in and said he knew he was asking for the impossible, but he was desperate for a huge amount of 4¹/₂" and 5³/₄" Plate. And, he needed it in in 2 days.

SUPERIOR PRODUCT RANGE

When I said, "no problem," he practically dropped the phone.

"You're kidding?" he said. "So do you work miracles like this every day?"

"Well, with our huge inventory, multiple locations, and large on-order position, participating on projects like

the Cincinnati Reds baseball park, a New York Times high-rise, or just delivering a single plate across town...it's what we do every day," I explained.

Two days later, the customer called and kept repeating how he was amazed that we had gotten him his Plate not only on time, but our truck arrived even earlier than he'd anticipated. He thanked me for the third time and added "You guys are the best."

I think it all boils down to this...we take our name very seriously.
